

ROCKING ROBOTS QUILT PATTERN - FREE PRINTABLES

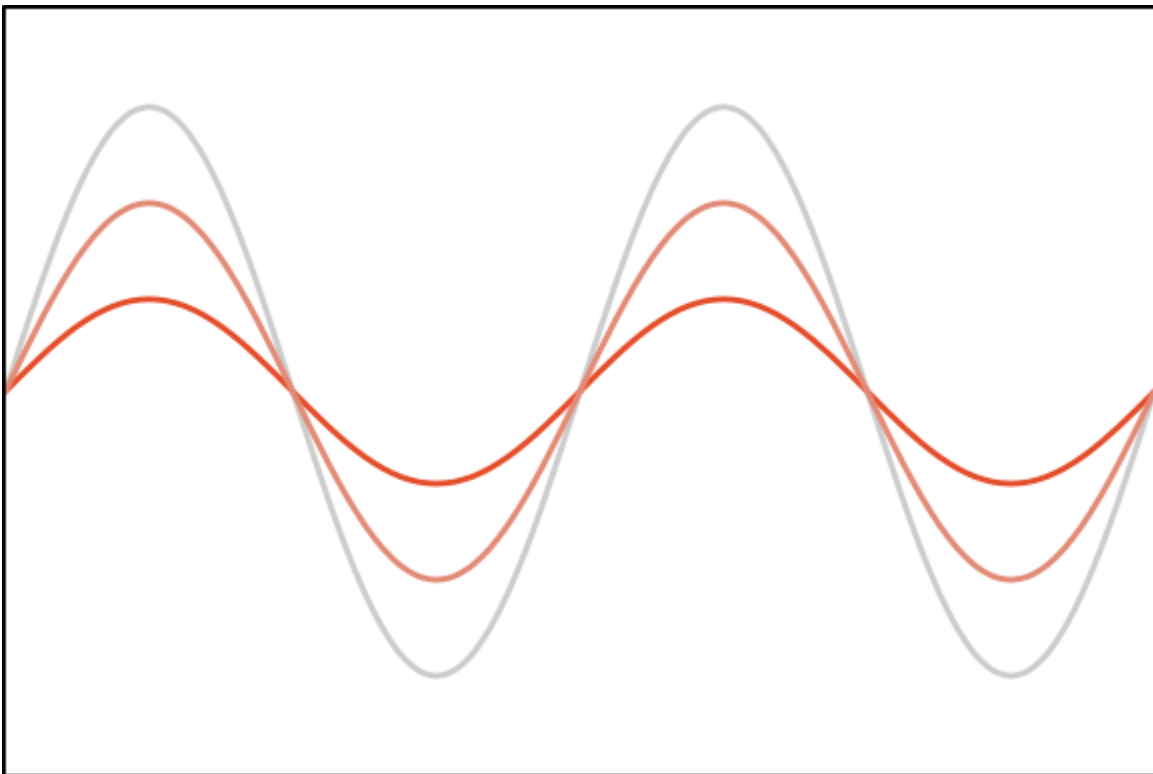

Robot screens: Ideas for hand embroidery details

Print the pages with your desired screen designs at 100% (US letter format), then trace them onto your **F** pieces and stitch along with contrasting embroidery floss.

Here are a few ideas to get you started but be creative and have fun!

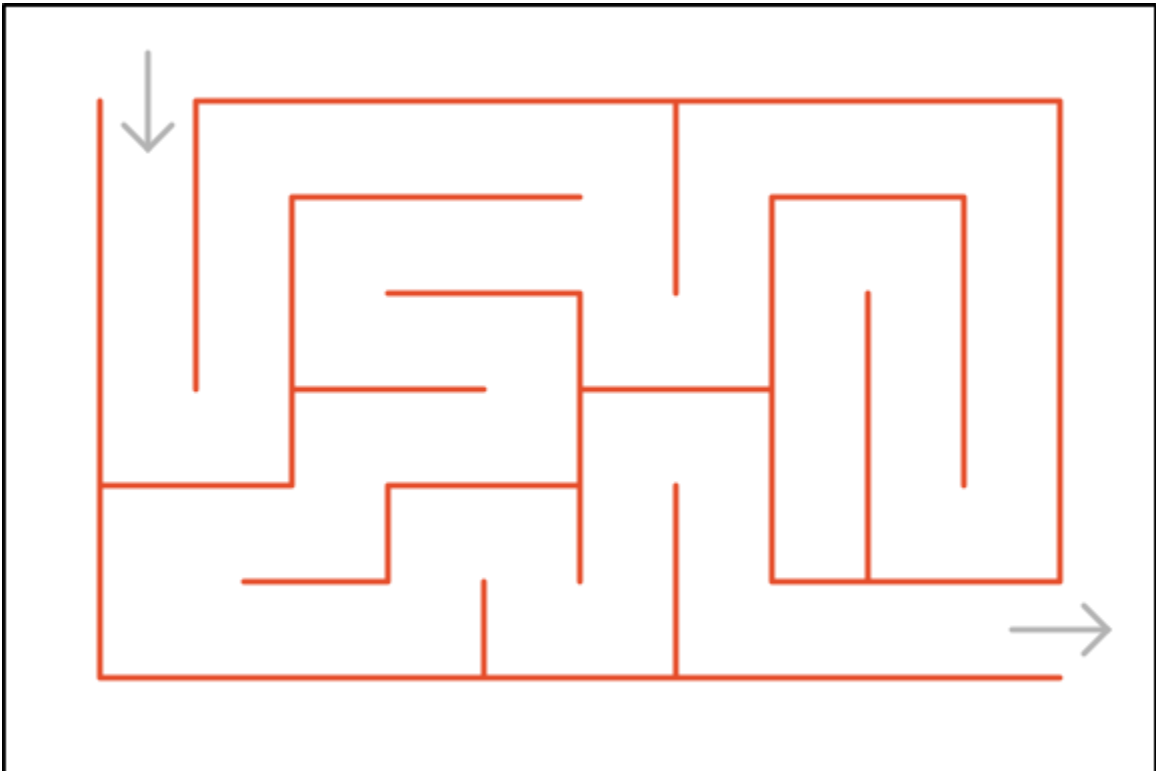

- 1) Add some fun oscillograph screens using sinusoid or other curves:

2) How about a fun labyrinth for a curious little one?

3) Maybe add an inspiring quote:

Dream

Big,

Little

One!

4) Or, if you are making a quilt for a newborn baby, why not add all the birth details (examples not to scale)?

Alexander James

Ottawa, ON

5) Or your little one's hand and foot prints?

There are so many possibilities to customize your robots' screens. I can't wait to see what you come up with!

Happy stitching!
